ZEAL JUNIOR COLLEGE

Zeal International School

Zeal International has top class facilities which a school require for the overall development of a student. The students of our school are in an age-group that we consider as highly sensitive and impressionable. It is the age where the roots are being formed and the most appropriate time to sow the seeds of confidence and good character.

Academics (CBSE Pattern):

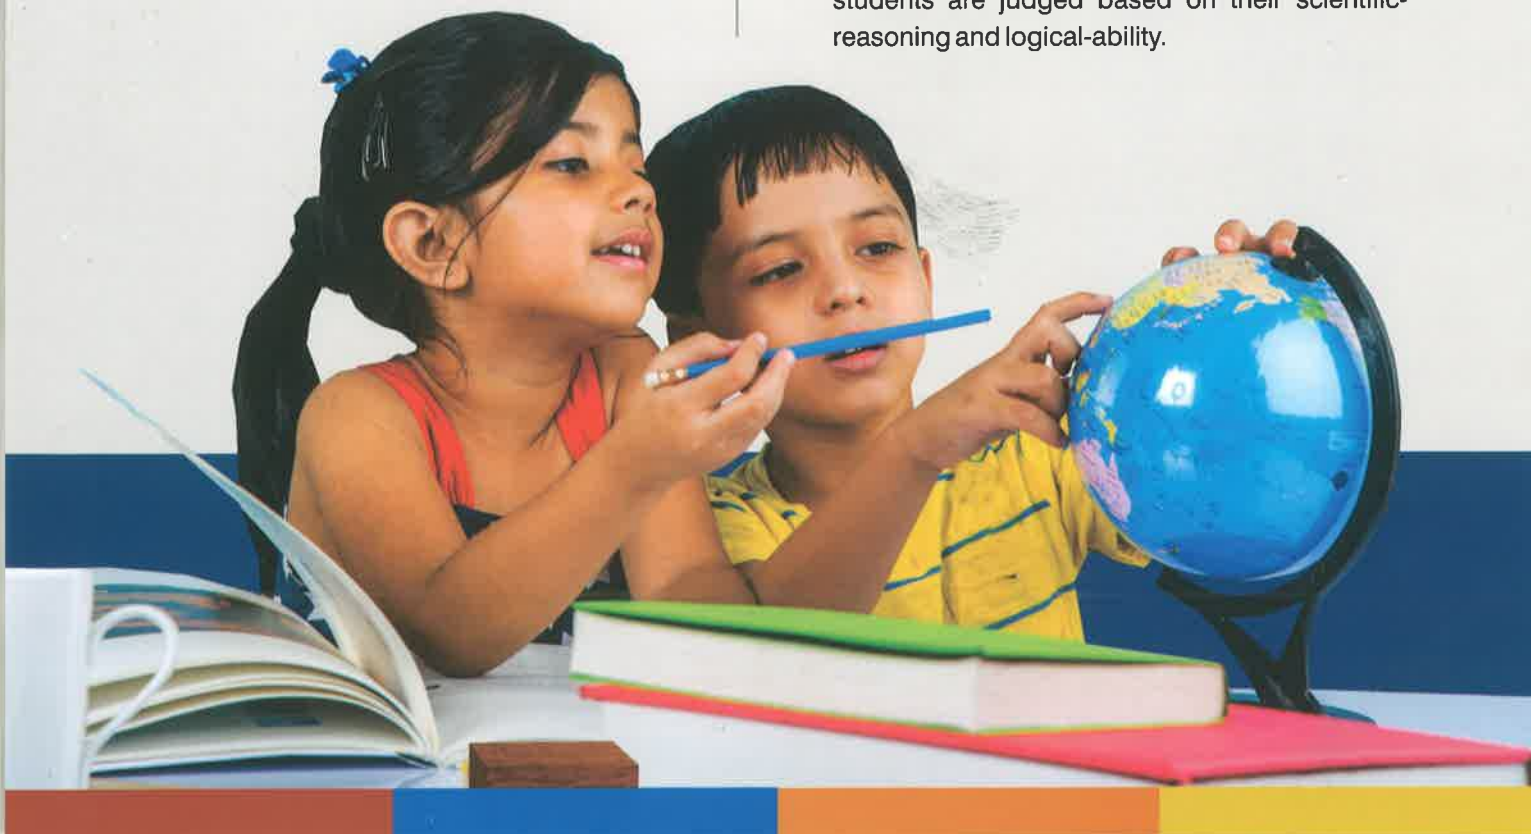

STEM Education

The science, technology, engineering, and mathematics (STEM) fields are collectively considered the keystones of an advanced society. One of the innovative and effective methods of teaching STEM Education is through Electronic Building Blocks, Robotics & 3D Printing. We are effectively implementing STEM in our curriculum to nurture the computing abilities of the student.

Olympiad

Olympiads are the means for students to compete with other students on a similar educational level. Such exams promote the learning of skills in subjects like mathematics, science, computer technology or English language among students. An Olympiad helps students analyses their strengths and weaknesses based on their performance in the nationwide or international level examination. These exams provide an absolute assessment of students' knowledge and motivate them towards academic improvement. The participating students are judged based on their scientific-reasoning and logical-ability.

Laboratories

- Physics
- Chemistry
- Biology
- Mathematics
- Geography

Vision

Our Vision is to educate our children
not merely for living but for life.

A life lived should be meaningful, positive and propelling
towards the goal and encouraging them to
relate to his or her environment.

Mission

Our mission is to provide a safe and
positive learning environment
that grooms fervor for curiosity, innovation,
independence, encourages critical thinking,
problem solving and
is committed to academic excellence
and social responsibility.
